

ZAG/Citrix event held at San Jose Sharks game

San Jose, CA – March 8, 2012 ZAG Technical Services along with Citrix hosted an exclusive event on Virtualization at the HP Pavilion in San Jose, CA on March 6, 2012.

This exclusive event started out with a presentation on Citrix virtualization strategies and covered what new products there are. Then all the guests were treated to a catered dinner followed by networking time and the main event, a San Jose Sharks game. This event was a great way for ZAG and Citrix to have a more intimate setting to talk with clients about what needs their company may have and what ZAG or Citrix can do to help their companies work seamlessly.

This event was considered to be a great success from beginning to end. ZAG and Citrix all felt that everyone who attended gained some valuable information about what current offerings Citrix has and how it can help their company with their day to day IT needs. ZAG and Citrix also felt that everyone who attended enjoyed the night's festivities.

ZAG looks forward to hosting more events like this one in the future and creating and retaining relationships with all those who attend.
